

In the Matter of Representative James McDermott

Exhibit 4

January 8, 1997

Committee On Standards of Official Conduct
HT2 Capitol
20515-6328

Jim McDermott, Ranking Member

Enclosed in the envelope you will find a tape of a conversation heard December 21, 1996 at about 9:45 a.m. The call was a conference call heard over a scanner. We felt the information included were of importance to the committee. We live in the 5th. Congressional District and attempted to give the tape to Congresswoman Karen Thurman. We were advised by her to turn the tape directly over to you. We also understand that we will be granted immunity.

My husband and I work for Columbia County Schools in Columbia County Florida. We pray that committee will consider our sincerity in placing it in your hands:

We will return to our home today.

Thank you for your consideration.

John and Alice Martin
