MEMORANDUM FOR ALL MEMBERS, OFFICERS, AND EMPLOYEES

FROM: Committee on Ethics

SUBJECT: Reminder of Ethics Training Requirements for 2024

As we look forward to a new calendar year, the Committee on Ethics reminds all House Members, officers, and employees of their annual ethics training and certification requirements. This memorandum explains 2024 ethics training requirements, how to access ethics training, and the required certifications for both live and on-demand ethics training.

The Committee is required to provide ethics training to each Member, Delegate, Resident Commissioner, officer, and employee of the House.¹ The Committee provides a general ethics training, as well as sessions designed for New Members, existing Members, and senior staff. Committee staff also provide individual trainings for Members or offices to focus on topics most helpful for their unique needs or issues. Ethics trainings are presented throughout the year, live and on-demand. For the second session of the 118th Congress to date, the Committee has held 28 in-person training sessions and provided training to more than 15,176 House Members,² officers, and employees.

House Members and employees must also certify to the Committee that they have satisfied their annual ethics training requirement by January 31st of the following year.³ In other words, current Members and employees must certify that they have completed the required 2024 annual training no later than January 31, 2025.

¹ House Rule 11, clause 3(a)(6)(A). The Committee defines an “officer or employee” as an individual appointed to a position of employment in the U.S. House of Representatives by an authorized employing authority who is receiving a salary disbursed by the Chief Administrative Officer or is on a leave without pay or furlough status. This definition includes fellows and interns paid by the House.

² For all purposes in this memorandum, “Member is defined to include any current Member, Delegate, or Resident Commissioner of the House of Representatives.

³ House Rule 11, clause 3(a)(6)(B)(ii).

2024 ETHICS TRAINING REQUIREMENTS AND ACCESS

The Committee’s non-partisan staff presents live training sessions throughout the year, as well as online training modules available on-demand through the Congressional Staff Academy. New House Members and employees must complete an ethics training session within 60 days of joining the House.⁴ Existing House Members and employees are required to take one hour of general ethics training each calendar year. **In addition, the Committee requires all senior staff⁵ – whether new or existing employees – to complete an additional hour of specialized training at least once per Congress.**

Members

House Members must complete one hour of ethics training per year:

- **New House Members.** A new House Member must complete a live, dedicated training session within 60 days of joining the House. A “new” Member for the purposes of the 2024 training requirement is an individual who was *first* sworn in on or after January 3, 2024. Before each Congress, the Committee provides ethics training for incoming new Members at the New Member Orientation organized by the Committee on House Administration. The Committee reaches out to new Members elected through a special election to schedule individual, live ethics training within their first 60 days.
- **Existing House Members.** Existing House Members must complete one hour of ethics training by December 31, 2024. Members, or staff on their behalf, may request a link to the Member on-demand training module by contacting the Committee at ethics.training@mail.house.gov.

House Employees

House employees must complete *at least* one hour of ethics training per calendar year:

- **New employees.** A new House employee must complete one hour of ethics training within 60 days of beginning House employment. A “new” House employee for purposes of the 2024 training requirement is an individual who first began employment with the House on or after January 3, 2024. Any former House employee who returns to House employment after a gap of more than 90 consecutive calendar days is also a “new” employee. Fellows and interns paid by the House for more than 60 days also

⁴ House Rule 11, clause 3(a)(6)(B)(i).

⁵ “Senior staff” for training purposes are employees who are paid at the “senior staff annual salary rate” for at least 60 days in either (or both) calendar years of a Congress. For 2024, the senior staff annual salary rate is \$147,649, or a monthly pay rate at or above \$12,304. Please note that the senior staff annual salary rate is subject to change in 2025.

must comply with this requirement.⁶ New Employees and fellows and interns paid by the House may satisfy this requirement by completing the 118th Congress General Ethics 2024 Training live or on-demand.⁷

- **Existing employees.** Existing House Employees must complete one hour of ethics training before the end of the calendar year, by December 31, 2024. **There are no extensions to this deadline, for any reason.** Employees may satisfy this requirement by completing the 118th Congress General Ethics 2024 Training live or on-demand.
- **Senior Staff.** House employees paid at or above the senior staff level (“senior staff”⁸) are required to complete an additional hour of ethics training once per Congress on issues primarily of concern to senior staff or supervisors. For the 118th Congress, this means all senior staff must complete one hour of senior staff training by January 3, 2025. Senior staff training may be completed live or on-demand. **To be clear, the senior staff training requirement is in addition to the annual one-hour House Ethics Training module/requirement for all staff.** The Committee offers designated senior staff ethics training on-demand, but other briefings may also satisfy the senior staff training requirement: general sessions on issues of concern to senior staff, sessions on completing financial disclosure (FD) reports or Periodic Transaction Reports (PTRs), and sessions on post-employment restrictions. Note that employees may *not* complete more than one hour of senior staff training in lieu of completing their annual general ethics training requirement.

Employees can complete ethics training on-demand through the Congressional Staff Academy website. Ethics training can be found under the “required training” tab. Employees must complete the entire on-demand training program to receive credit. Access to the Congressional Staff Academy website requires use of a House computer. Employees who do not have access to a House computer or who do not have a House email account should email the Ethics Committee at ethics.training@mail.house.gov to make alternate arrangements for completing their training.

⁶ Detailees, fellows not paid by the House, unpaid interns, and individuals who are employed by the House and paid for fewer than 60 days are not required to attend ethics training in 2024. The Ethics Committee nonetheless encourages these individuals to complete ethics training so they become familiar with the House ethics rules while working in a House office or for a House committee.

⁷ On March 11, 2020, the Committee waived the live training requirement for new employees who work in Capitol Hill offices until further notice. New employees who work in Capitol Hill offices may complete the 118th Congress General Ethics 2024 Training available through the Congressional Staff Academy.
